

New season is upon us and we are happy to announce that we have been doing some renovations on our diving centre. Even though we are already open, we want to do something different this year for the beginning of the season. To celebrate the work that has been done, we would like to invite you to join us for grand opening of the season – 16th to 20th of May. We have in plan to do some special dives, spend free time at the diving centre and have some snacks and drinks around for those who dive with us those days.

For this occasion, we have prepared reduced price.

*prices are per person in €;

*option for unguided dive from the boat also exist, but price stays the same, as one of our instructors still has to be taken on the boat by the Croatian law;
